

VOLUNTEER ROLE DESCRIPTION

ASSISTANT(S) FOR THE BUILDING/MAINTENANCE/SYSTEMS MANAGER

Our current Building, Maintenance and Systems Manager needs help. His full time job commitments mean he can't always be on site at the theatre to manage problems when they arise. That's why he urgently needs help from a team of volunteers with electrical, plumbing or IT systems experience.

What's involved

- Working with the Building, Maintenance and Systems Manager, to co-ordinate maintenance, installations etc, and resolve day to day problems as they arise - using external contractors as required
- Involvement in various aspects of the Theatre's electrical, plumbing or IT systems, depending on your individual skills
- Investigating breakdown reports
- Checking work has been completed to the required standard and/or expediting completion of the work
- General tasks i.e. running cables, drilling holes, repairing or exchanging components etc.

These roles will suit people who

Are looking to use their skills to carry out an interesting and varied range of roles within this brief. Have a reasonable level of practical experience or expertise in either electrical, plumbing, or IT systems and enjoy using these skills to solve and resolve issues affecting the day-to-day operation of the Theatre.

What's in it for you?

A chance to use your practical skills in new and creative ways. Joining the friendly team of technicians, who help keep the theatre functioning safely and efficiently. The opportunity work with like minded volunteers in the unique and fascinating environment that is the Regal Theatre

Place of work:	Regal Theatre buildings - in workshops and the auditorium
Time commitment:	Depends on what problems arise, but can involve day-time and evening work
Report to:	Building, Maintenance and Systems Manager
Training:	You will receive training, and support from your teammates and other volunteers
